Bomber will look into tents and chairs (500) were also rented from them.

Julyfest committee left the meeting.

In regards to the elevator-the circuit board had to go back because it was bad. Bill Schueller will be home Thursday and take a look at it. Bill will also look at the confessional. A plan is in place but we're working through the projects as we have money and time donated.

We discussed the walk-in cooler and Chris Dardis will get a crew together to get it apart. We'll check with China on a dumpster. We'll also go through the garage to get rid of things also. A plan is to first put it on marketplace to see if there's any interest.

We looked at the statement. Fish Fry is not on the list yet.

Meeting adjourned at 7:46.

Respectfully submitted by Beth Jarding
